

Virtually be the best leader you can be.

Virtual Key Leader will introduce you to the concepts behind Key Leader and give you an opportunity to embrace your leadership abilities, all at your own pace.

Our virtual program empowers students and adults to become more caring and confident servant leaders. Through video clips, exercises and personal reflection, you'll discover your values, how you relate to others and how you can collaborate, lead and problem-solve to achieve more for yourself, your schools and your communities.

Virtual Key Leader is written for those in grades eight to 12, but the lessons are applicable to a wide range of ages, so challenge parents and educators to explore the program as well.
